A truly enjoyable visit for young and old alike! As you begin your short walk along well cared for paths to the areas **LARGEST, NATURAL SPRING-FED WATERFALL**, enjoy reading the many signs identifying and giving history of the wildflowers, plants and trees you will see.

After viewing the falls, take the opposite path heading to other attractions the park offers - including feeding the **GIGANTIC TROUT!**

Upon finishing your walk, check out the reasonable priced gifts in our unique Gift Shop.
