TROUT HATCHERY & FISH FARM

*“Upper Michigan’s Supermarket for
Live and Dressed Trout”*

**Fishing fun for the
whole family.**

No license required. No catch limit.

10 Reasons for Fishing at the Watersmeet Trout Hatchery

1. No fishing license required
2. Free tackle and bait
3. Pay only for trout caught
4. Catch as many as you want
5. Your entire family or group can fish
6. Trout are good for your health
7. Our water is trout water
(Ice cold & Spring fed)
8. Your trout cleaned and packed on ice
9. Coolers with additional ice available
10. Tips for preparing your trout

Our trout are fed a high quality balanced diet, which along with the pure spring water they are reared in, enables us to produce some of the finest tasting trout to be found.

“Our photos tell it all! We obviously didn’t know what we were in for when our kids put their lines in the pond...and it was better than we could have imagined!

It’s hard to remember in all the frenzied fishing, what conversations took place but our families were vacationing together from Illinois and Virginia for the week at Ski Brule. My parents thoroughly enjoyed watching their grandkids and we (the adults) were so very appreciative of your gracious hospitality and patience!

The week was a blur but this outing was a definite highlight (and dinner that night was absolutely great!)

Again, thank you for such a positive experience. It was a real delight and you and your family were incredibly understanding with all the chaos of our first trip to your hatchery!”

Enjoy the pictures!
